marched company front, pushing back the crowd, which retired in a surly way. One striker named Thomas Bowen became obstreperous and yelled:

"Three cheers for Dovey, damn him." Before the crowd could give them Major Crawford signaled to two soldiers, who seized Bowen. He had a pen-knife in his hand at the time. He was hustled into the station and placed in charge of two depu-ties. This stern measure quelled the hos-tile demonstration. On the arrival of the train. Dovey and McConnell, with Bowen, also, were put on it, and in addition to constables and deputy sheriffs a detail of soldiers were aboard to protect the mill bosses. At City Farm and Homestead stations companies of militia were drawn up in line as the train passed and kept back the crowd. At the sight of the prisoners, however, the crowds cheered lustily. Brown, the striker who was arrested, will be charged with unlawful assemblage, disorderly conduct and, probably, with ineiting to riot. The news that all the Carnegie officials were admitted to bail at once is a great disappointment to the people, who had hoped they would be kept in jail a night at least. The arrests apparently did not in the slightest interfere with the operation of the mill, while the turbulent demonstration of the afternoon has convinced General Wiley that it would be unwise to remove the militia from Home-

stead at present.

Special to the Indianapolis Journal. St. Louis, Mo., Aug. 3.-The International Brotherhood of Carpenters to-day listened to the reports of President Kliver and Secretary McGuire. Both reports were referred to the proper committee, and will be returned to the convention at to-morrow's session.

The report of Secretary McGuire states: In the past two years we have continued the agitation for shorter days, and with good effect. We now have forty-six cities working eight hours as a day; in 1890 we had only thirty-six. We now have 393 outles with the nine-hour day; in 1890 we had only 264. We now have 432 cities working less hours on Saturdays; in 1890 we had

A resolution was reported indorsing Henry George's single-tax theory. It was adopted, after a lengthy discussion. The report of President William H. Kliver, that no more strikes for nine hours' labor should be encouraged, was adopted.

in Honor of the Palos Anniversary. Palos, Aug. 3.-This is the four-hundredth anniversary of the day on which Columbus set sail from Palos westward on his voyage of discovery, and the festivities arranged here for celebrating the day were carried out with great eclat. The view from town, however, was obscured by a thick mist which hung over the river and rendered it impossible to see more than a dim outline of the hulls of the vessels lying at anchor. At 6 o'clock, the hour at which Columbus began his voyage, the caraval Santa Maria, constructed in imitation of the vessel of that name belonging to the Columbus expedition, which had been lying off shore all night, set sails for her passage through the lines of war ships anchored outside the bar, but owing to the prevalence of a dead calm, a line was run to her from a gunboat, and she was towed down stream followed by the Spanish flotilla in single file. Minister of Marine Montigo was on board the war-ship Legisipi. The voyage down the river, past the monastery of Larabida, on which buildings the flags of all the American States were flying, to the bar occupied about an hour. Outside the bar were moored the vessels of the foreign squadrons which had come to take part in the celebration. These vessels were formed in lines, between which the caraval passed amid thunderous salutes and deafening cheers. The mist and the smoke from the guns made it impossible to watch the maneuvers of the caraval, which followed for some distance years ago, At 9 o'clock the little vessel had returned and re-entered the river. The town of Huelva is crowded with visitors and all the buildings, both private and public, are gaily decorated.

Exchange of Greetings.

WASHINGTON, Aug. 3.-The following cable messages were exchanged to-day on the subject of the Columbus celebration at Palos. The first was to the President. It reads:

To-day, four hundred years ago, Columbus sailed from Palos, discovering America. The United States flag is being hoisted this moment in front of Convent La Rabida along with banners of all American States. Batteries and ships saluting, accompanied by enthusiastic acclamations of the people, army and navy. God Alcalde of Palos.

The Department of State's message in reply to this was:

The President of the United States directs me to cordially acknowledge your message of greeting. Upon this memorable day, thus fittingly celebrated, the people of the new western world, in grateful reverence to the name and fame of Columbus, join hands in honoring the memory of the brave soldiers of Palos and Hueiva who manned the discoverer's caravels. FOSTER, Secretary of State.

Parliament Convenes To-Day.

Special to the Indianapolis Journal. London, Aug. 3.-The new House of Commons will assemble at 2 o'clock to-morrow afternoon. The first business will be the re-election of Right Hon. Arthur Wellesley Peel as Speaker. It is possible that Parliament will be prorogned as soon as the debate on the address in reply to the Queen's speech is concluded, postponing the homeraic question until cooler weather.

The Body of Riggin.

Special to the Indianapolis Journal. PANAMA, via Galveston, Aug. 3.-Consul McCreary, of Valparaiso, has arrived here with the body of Riggin, one of the Baltimore's men killed in the attack by the Chilians last October, and will leave today for New York.

Right of Traffic Association.

CHEYENNE, Wyo., Aug. 3.-The celebrated case of the United States against the Transmissouri Association was closed this afternoon, after a three days' legal battle. While the decision will not be rendered before October, the prevailing opinion is that the government has lost the fight. The action of the district attorney indicates that he believes that he has lost, This trial clearly establishes the legal right to existence of the freight and traffic associations, both because of their compliance with the interstate-commerce act and the benefits from their workings.

ANOTHER LICK FOR PROTECTION. Enthusiastic Gathering at Lincoln, Neb., t Hear Major McKinley.

Special to the Indianapolis Journal. LINCOLN, Neb., Aug. 3.-Governor Mc-Kinley addressed an enthusiastic gathering of several thousand people on the State Capitol grounds to-night. The delegates to the Republican State convention, which meets to-morrow, attended in a body. The distinguished guest was received with enthusiastic cheers upon his appearance. The speaker said:

"This magnificent assemblage is a magnificent tribute to a magnificent cause. Whatever has to be done in this country the Republican party has to do it. The Republican party occupies the most advanced position of any political party in the world. That no evil has come to the country by reason of the accidental Democratic occupancy of the executive and legislative branches of the government With 820 local unions our united Brother- | was because a Democratic House and President could not overthrow laws established by the Republicans. There is not a page in the history of the Republican party that we would want blotted out. The Democratic party is a party of opposition and a party of critics and grumblers. The Democratic party has constructed nothing in thirty-one years. I am here to address you upon a issue that affects every interest and condition of life-the question of tariff. The tariff for revenue only, such as the Demoeratic party is advocating to-day, is paid by the consumer. A protective tariff may be paid by the consumer, and is so paid perhaps, until competition among our producers lowers the price. Every article you wear or use has been cheapened under the protective tariff.

"Prices of manufactured products were never so low in our history as they are today. The Senate report shows that agricultural products have advanced 18 per cent. since the passage of the new tariff act. The balance of trade in our favor during the last twelve months was over \$200,000,000. Yet the Democrats tell us we cannot trade with foreign countries if we put a tariff on their products. We export of wheat to-day in one year more than we' did in fifteen years under a Democratic low tariff. We have sixty-five millions of people that consume more than any other sixty-five million people in the world, because we have more money, because of the protective tariff enauling us to make more money than any other sixty-five millions of people. The best consumer in the world is the near-by consumer.

"We are told that if we had raw material free in this country we could go out and capture the markets of the world. We have the finest raw material in the world, and under the Democratic tariff we had nothing but raw material. Protection encourages the American shop-free trade the foreign shop. We can have free trade in this country only when the nations of the old world lift up the condition of the laboring man until it is equal to ours. Then we wil compete with them anywhere in the world and take our chances for supremacy. Foreign nations want us to adopt free trade because under that system they could come in and take our home market from us unless we would bring the condition of our laboring man down to the level of theirs. This we will never do."

ELKINS REFUSED TO ACCEPT. Great Ovation to the Secretary of War in West Virginia.

HUNTINGTON, W. Va.-Aug. 3.-At the afternoon session of the Republican State convention Secretary of War Stephen B. Elkins was made permanent chairman, and addressed the convention for over an hour, dwelling on State and national issues, particularly the tariff issue and praising the route taken by Columbus four hundred | the administration of President Harrison. B. M. Jones, of Monongahela, was made permanent secretary, and after the usual committees had reported, the report of the committee on resolutions was read and adopted. The platform indorses Harrison and Reid, the Republican national platform, especially protection. and favors that policy that protects the laborer; believes the McKinley act one of the best ever passed by an American Congress; believes in a duty on the loreign laborers brought to this country. It also rejoices that the tariff is not involved in the Homestead affair, opposes such invasion by Pinkertons, assures the people that there will be no deputy marshais at the polls in West Virginia this year, denounces the Democrats for breaking their promises, extravagance, and denounces the gerrymander of the State and the act of the Legislature in refusing to seat General Goff.

After this numinations for Governor were begun. An effort was made to nominate Elkins by acclamation, but he would not entertain the motion. An effort was made to nominate Atkinson, but he declined and nominated Thomas E. Davis. Atkinson, Duval, Menager, Morris, Davis Cooper were nominated, when an obscure little man from Kanawha the name of Smith got up and said Elkins was the only man who could unite the party. Then came the outburst. Delegates rose and waved hats and handkerchiefs, the band played, and cheer after cheer rent the air. After five or six minutes Atkinson came out and said Mr. Elkins wanted a couple of hours to consider the matter in hand, and a recess was

taken till 7 o'clock. The magnificent demonstration given to Secretary Elkius showed the high estimation in which he is held by the Republicans of West Virginia, and by this demonstration may be estimated the feeling of disappointment that swept over the convention to-night when the Secretary called the convention to order and announced that it would be impossible for him to accept the nomination. The call of the counties was then continued and by the end of the roll George W. Atkinson, of Ohio county; Thomas E. Davis, of Taylor; P. W. Morris, of Ritchie; J. B. Menager, of Mason; H. Duyal, of Brooke; John Cooper, of Mercer, and T. P. Jacob, of Wetzel, had been placed in nomination. The last three were withdrawn and the first ballot begun. Before it was concluded all the other candidates withdrew in favor of Davis, who was nominated by acclamation. Davis is a wealthy business man, a Grafton banker,

Alleged that Cleveland Has Taken Up with the Gray Crowd in Indiana. Special to the Indianap dis Journal.

WASHINGTON, Aug. 3.—The Gray wing of the Indiana Democrats at the national capital are elated over the report that ex-Governor Gray has been invited to confer with Mr. Whitney and other managers of the Cleveland campaign, and that the ex-Governor will be appointed on the advisory committee. The original Cleveland Congressmen do not conceal their disgust at the treatment their faction is receiving at the hands of Mr. Cleveland and his chief lientenant, Mr. Whitney. "It was our fight in Indiana that nominsted Cleveland," said a former enthusi-

astic Cleveland worshiper to-day, "Had we allowed a solid Gray delegation to be elected Cleveland would never have re-ceived one vote from Indiana. There was a bargain between Gray, Hill and Gorman, and on second choice the thirty votes of Indiana would have gone to either Hill or Gorman. No one knows this better than Whitney, yet in the management of the campaign the faction who stood up for Cleveland and spent our money is to be entirely ignored. Secretary Sheerin, of the national committee, fought us and belongs to the Gray wing. Now Gray himself is to go on the committee.

"At the conference held at Whitney's house the day following the notification ceremonies, Gray, Sheerin and Claude Mat-thews, candidate for Governor, were the only Indianians invited. Gray did not attend, but his man Friday. Matthews, was there to speak for him. Shanklin and others, who carried the State for Cleve-land, were snubbed. There was not a member of the State committee consulted. tell you the reform wing of the party will not allow the old gang reinstated without kicking."

Democrats Name Daniel Lawler. MINNEAPOLIS, Minn., Aug. 3 .- After a brief struggle in the Democratic convention this afternoon it was decided to proceed to the nomination of a candidate for Governor. Judge Flandreau, of St. Paul, presented the name of Daniel W. Lawler. Mayor Winston, of Minneapolis, moved that Lawler be nominated by acclamation by the convention, and the motion carried with a roar of cheering. Mr. Lawler was brought to the platform and returned thanks for the nomination in an eloquent speech. The platform was then reported and adopted. It indorses the nomination Cleveland and calls attention to the Homestead riot as an instance of the evils incident to protection. It also opposes State interference with parental rights in the education of children as an infringement of the fundamental Democratic doctrine that the largest individual liberty consistent with the right of others insures the highest type of American citizenship, and indorses one term of six years for President, and election of President by direct vote of the people.

At the night session Harry Hawkins, of Carlton county, was nominated for Lietenant-governor by acclamation. For Secretary of State, H. B. Martin, of Hennepin ica this morning was hearing the conclucounty, was presented by a Ramsey county delegate and another delegate from that county named Peter Nelson, of Goodhue county, but the first-named delegate later seconed Nelson's nomination stating he had presented Martin's name believing Hennepin county would unanimously indorse the nomination, but such had not been the case. Martin is a candidate of the People's party for the place, but many of the delegates announced that they did not want to support any but a Democrat, and before half the roll had been called Hennepin county awung solidly to Nelson and his nomination was made unanimous.

New York Republican League. NEW YORK, Aug. 3.-A large and enthusiastic meeting of the executive committee of the Republican League of the State of New York was held here this afternoon. It was announced that Mr. Whitelaw Reid was in the hotel, and a committee was appointed to invite and escort Mr. Reid to the meeting. Upon his entrance Mr. Reid was warmly greeted.

The vice-presidential candidate spoke of the work which the league could accomplish in the campaign through its organization, and said that the utmost harmony prevailed between the State commit-

tee and the league. Chairman Thomas H. Carter, of the Republican national committee, also addressed the league delegates. Mr. Carter urged that the league set to work at once to organize clubs where they do not now exist. Senator Hiscock also addressed the meeting, and said that the Republicans were united and sure of success. When the talking was over Colonel McAlpin was re-elected president and J. M. B. Hedges secretary.

At the headquarters of the Republican national committee a conference was held in the afternoon between Chairman Carter, Whitelaw Reid, J. Sloat Fassett, Senator Sutherland of Rochester, and Corne. lius N. Bliss. It was rumored that Mr Fassett had been present on behalf of Mr-Platt, and that grievances had been adjusted, but none of the gentlemen at the conference would speak a word of the pro-

New Castle Fairly Stormed by the Crowd of Red Men. Special to the Indianapolis Journal.

NEW CASTLE, Aug. 3.—The Red Men o eastern Indiana held their fifth annual grand pienic and powwow in this city today, and chiefs, braves, squaws, pappooses pale faces to the number thousand, not to menthe dozen bands, fairly took the town when it was publicly turned over to them by Judge E. H. Bundy in his | tally. address of welcome after a parade of the order through the city. The big council and feast were held and eaten at South Park, where elaborate preparations had been made, and all were accommodated. After the pipe had been pale faces of the city amused and entertained the aborigines with sack, barrel, wheelbarrow and other races, "big talks" and more music than ever was turned out in the same space of time before, as each of the twelve bands insisted on giving a concert in the public square after the return of the crowd to the city. The weather was perfect and the picnic a success. The next will be held at Elwood, one year hence.

Novel Co-Operative Organization.

Special to the Indianapolis Journal. South Bend, Aug. 3.-A novelty in the way of co-operative organization is the Burr Oak Threshing Company, which has just been organized in Greene township, St. Joseph county. The organizers are ter leading farmers, whose acres are close to gether, and the foreman is William Hoke, one of the oldest farmers in the county. The company will procure a full threshing and wood-sawing outfit, and the nine farmers will, when called on, turn in and help their neighbors, the teuth, thresh his grain and saw his wood. For threshing wheat; farmer, of the association only, will be charged 21/2 cents per bushel. Once a year, during the winter, a settlement will be effected and a dividend declared, after which a banquet will be served. The plan has been tried in this same township, and found very successful by the Union Threshing Company, which has just entered its sixteenth year.

Teutonic's Fast Run. NEW YORK, Aug. 3 .- The steamship Tentonic arrived off Sandy Hook at 3:56 o'clock this morning, making her trip across the Atlantic in five days, eighteen hours and forty-six minutes. The best run in a day made was 528 miles, ending at noon yesterday. The Tentonic reports that on Aug. 2. at 9 P. M., the port engine gave out, owing to connecting rods being broken or twisted. The steamer proceeded the remaining distance under the starboard engine.

At Camp Acton.

Yesterday was one of the most interesting days at Camp Acton. The day began well in the earliest meeting with the little ones. In the young people's meeting that followed was a more pronounced advance. This hour is rapidly calling all the young people of the ground to its aid. The meeting was led by W. F. Wheeler. Rev. Charles Asbury led the salvation meeting at 10:30. In the afternoon Dr. Ranblin preached a sermon of great power. In the evening Rev. Snwadener preached

a sbort sermon. A custard should never reach the boiling point or it will curdle.

They go together prices, and the substitution of inferior goods. Sometimes it's a fraudulent imitation of the genuine articlesometimes it's some cheap compound represented as just as good;"there's profit for a
